___ has been certified by the Texas Department of Insurance as an Independent Review Organization. The Texas Worker's Compensation Commission has assigned this case to ___ for independent review in accordance with TWCC Rule 133.308 which allows for medical dispute resolution by an IRO.

___ has performed an independent review of the proposed care to determine if the adverse determination was appropriate. In performing this review, all relevant medical records and documentation utilized to make the adverse determination, along with any documentation and written information submitted, was reviewed.

This case was reviewed by a licensed Doctor of Chiropractic. The ___ health care professional has signed a certification statement stating that no known conflicts of interest exist between the reviewer and any of the treating doctors or providers or any of the doctors or providers who reviewed the case for a determination prior to the referral to ___ for independent review. In addition, the reviewer has certified that the review was performed without bias for or against any party to the dispute.

CLINICAL HISTORY

The patient in question was injured on her job as a cafeteria manager for ___ when she tried to switch chairs and the chair flipped over, causing an immediate onset of low back pain. MRI indicated bulges at L4/5 and L5/S1. EMG was negative. The patient later developed neck and shoulder pain. MRI of the cervical spine demonstrated a protrusion at C6/7 and some degeneration. She has been treated with conservative and advanced care since the injury, to include a chronic pain management program for 4 weeks. The patient was assessed at MMI with a 5% impairment by a designated doctor, ___ MD, on February 10, 2003.

REQUESTED SERVICE

The carrier has denied an additional 10 visits, 5 times per week for 2 weeks, of the Chronic Pain Management Program.

DECISION

The reviewer agrees with the prior adverse determination.

BASIS FOR THE DECISION

Initial approval of the CPMP was for 20 days and it was not documented as being of enough success to suggest that 2 more weeks would be reasonable. I do not feel that this treatment is likely to help this patient improve her pain level nor of helping her return to her work. The requested service does not meet even minimal requirements of medical necessity.

___ has performed an independent review solely to determine the medical necessity of the health services that are the subject of the review. ___ has made no determinations regarding benefits available under the injured employee's policy.

As an officer of ___ Inc, dba ___, I certify that there is no known conflict between the reviewer, ___ and/or any officer/employee of the IRO with any person or entity that is a party to the dispute.

___ is forwarding by mail and, in the case of time sensitive matters by facsimile, a copy of this finding to the treating doctor, payor and/or URA, patient and the TWCC.

Sincerely,
